

# Node-Red Service

The screenshot displays the IBM Cloud console interface for the service "Node RED OIHZP 2022-11-07". The top navigation bar includes the IBM Cloud logo, a search bar, and user information. The left sidebar shows the "Overview" tab selected, with other options like "Runtime", "Connections", "Logs", "API Management", and "Autoscaling".

The main content area provides a comprehensive overview of the service:

- Health:** Shows a 100% health status with 1/1 instance(s) running.
- Instances:** A control panel for the service instances, currently showing 1 instance.
- Runtime:** A donut chart indicating 256 MB total allocation, with 1.75 GB still available.
- Runtime cost:** Displays current and estimated costs, both at \$0.00 for the period Nov 1, 2022 - Nov 30, 2022.
- Connections (1):** Lists a single connection to "node-red-oihzp-2022--cloudant-1667808932247-94444".
- Continuous delivery:** A section for managing the service's deployment pipeline.
- Activity feed:** A log of recent events, including a warning about an instance crash on Nov 7, 2022.
